## Risk Assessment No: IMS-RA-047

### Risk Rating Score:
- Frequency of Review: 1 – 9 = L
- Frequency of Review: 10 – 16 = M
- Frequency of Review: 20 – 25 = H

### Those Potentially at Risk:
- Technical staff: X
- Maintenance staff: X
- Contractors: X
- Emergency responder: X
- Office staff: X
- Cleaning staff: X
- Visitors: X
- Other (specify): X – Family Members

### Significant Hazard:
- Manual Handling
- CoSHH
- Electricity
- DSE
- Noise
- Other: X - Pandemic

### Hazard
- Travel to and From Work on Public Transport
- COVID-19 Symptoms

### Potential Harm
- Contract / spread of COVID-19
- Spread of COVID-19

### Control Measures
- Arrange shift start and finish times that ensure travel during “off peak” hours.
- Condensed work weeks to Monday-Thursday to reduce travel to and from work by 20%.
- Voluntary Car Share Scheme with seating arrangements ensuring maximum separation between passengers.
- Maintain a minimum 2 metre social distancing when travelling to and from site.
- PPE (Disposable Face Masks, Disposable Gloves and Safety Glasses) available for staff to use on Public Transport.
- Staff who develop symptoms (a high temperature, persistent, dry cough or shortness of breath) must report this to their line manager immediately. If on site avoid contact with surfaces and maintain a minimum distance of 2 metres at all times and leave site as soon as possible.
- Staff who develop symptoms must self-isolate for the relevant period as recommended by Government guidelines.
- Daily Temperature readings of personnel using Thermal Camera / Pyrometer / Infrared Thermometer to identify fever (38C or greater). UNDER REVIEW

| Contact with Surfaces (e.g. Door Handles, Printers) | Contract / spread of COVID-19 | Tissues available for use – “catch it, bin it, kill it” philosophy encouraged. Avoid touching face, eyes, nose, and mouth.
COVID-19 Information Posters displayed to ensure staff are aware of symptoms.
Hand Sanitizer Station at Main Entrances / Exits. These are for mandatory use when entering and exiting the buildings.
Fire Door Retainers in use to prop open fire doors on main thoroughfares without contravening Fire Regulations. Additional doors may be retained by use of a wedge if this does not pose a fire Risk.
Main Toilet Doors fitted with a foot opener to allow “hands free” opening.
Curtains between Stores and Production removed.
Hand sanitizer available at communal Printers.
Hand washing facilities with Soap and hot water and paper towels / hand dryers for drying of hands.
Hand washing guidance posters (wash hands for 20 seconds with warm water and soap) displayed.
Cleaning spray / wipes available. Staff must clean their own workstation before the start of each shift.
Enhanced daily cleaning schedule in place for the general facility, carried out by the Cleaners. This does not remove the responsibility from individuals to clean their own workstations. |
| Contact with other People during working hours | Contract / spread of COVID-19 | Remote working from home where this is possible. Any staff working from home must complete the OHS-CFT-011 Home Working Risk Assessment.
Note: The control measures of this RA are in addition to specific task-based risk assessments. If in doubt, ask your Line Manager. |

</table>

**NOTE:** An example of unavoidable working in close proximity is a 2 man lift.

A dynamic risk assessment must be carried out where instances of working in close proximity to others is identified.

Appropriate PPE as identified in the Dynamic Risk Assessment must be used while working in close proximity to others at all times.

Hand Sanitizer Station at the top of the Mezzanine stairs. This is for mandatory use before using the Canteen facilities.

Hand washing facilities with Soap and hot water and paper towels / hand dryers for drying of hands.

Hand washing guidance posters (wash hands for 20 seconds with warm water and soap) displayed.

Cleaning spray / disinfectant wipes for surfaces available to be used before using the canteen facilities.

Staff encouraged to bring in packed lunches and bottled water / flasks of tea / coffee to minimise contact with shared facilities.
| Contact with other People during Break Times | Contract / spread of COVID-19 | | | Staff encouraged to bring in their own mugs and cutlery for personal use. Pedal Bin in the Canteen to ensure no hands-on contact. Table Tennis Table removed. Staff must wash / sanitize hands before and after using toilet facilities. Enhanced daily cleaning schedule in place for the general facility, carried out by the Cleaners. This does not remove the responsibility from individuals to clean surfaces before use. | 5 | 5 | 25 | 2 | 5 | 10 |
| Receipt of Deliveries | Contract / spread of COVID-19 | | | Maintain a 2 metre distance from the Delivery Driver. Do not sign for any deliveries – most delivery companies have made arrangements to take photographs of the parcel at the door. | 3 | 5 | 15 | 1 | 5 | 5 |
Anyone receiving deliveries should wash their hands after handling a package. Hand sanitizer is available within the Goods In area.

Disposable gloves are available for use if these are preferred.

Note: According to current guidance, the risk of COVID-19 from packaging is very low.
